

L3 Data Technician for Education:

Empowering excellence through your people

To develop the skills of school and MAT staff to manage, analyse, and communicate data securely and effectively — improving outcomes, informing decisions, and supporting Ofsted readiness.

1 COLLECT, PREPARE, AND ANALYSE PUPIL, CURRICULUM, AND ORGANISATIONAL DATA.

2 CREATE DASHBOARDS AND REPORTS THAT INFORM IMPROVEMENT PLANNING.

3 EMBED ETHICAL, SECURE, AND ACCURATE DATA HANDLING PRACTICES.

4 SUPPORT TEACHERS AND LEADERS TO USE DATA MEANINGFULLY AND EFFICIENTLY.

Benefits for Schools & MATs:

PRIMARY

Streamline pupil tracking and reporting; identify attainment gaps quickly.

SECONDARY

Use data to improve outcomes, attendance, and targeted interventions.

SPECIAL

Track individual progress against personalised targets; evidence SEND impact.

MULTI-ACADEMY

Standardise data systems and dashboards across schools to support benchmarking and governance.
